Examination Schedule

April 2027 Admission

Type of Examination	Application Period		Examination Period (The designated one day of the following period)	Date of Notification of Admission Decision
Regular Examination	First Examination	June 15 – 25, 2026	August 17 - 24, 2026 (except Sat., Sun., etc.)	September 4, 2026
	Second Examination	October 20 – November 4, 2026	December 7 - 18, 2026 (except Sat., Sun., etc.)	January 26, 2027
	Third Examination	December 2 – 15, 2026	February 1 – 12, 2027 (except Sat., Sun., etc.)	March 5, 2027
Examination for Overseas Residents	Submission deadline for pre-check: November 12, 2026 ----- Application period: November 4 - 26, 2026		Interview and Documentary screening	January 26, 2027

October 2027 Admission

Type of Examination	Application Period		Examination Period (The designated one day of the following period)	Date of Notification of Admission Decision
Regular Examination	First Examination	December 2 – 15, 2026	February 1 – 12, 2027 (except Sat., Sun., etc.)	March 5, 2027

Note:

- Applicants who do not possess a master's or professional degree may be required to pass through the Judgment of Eligibility prior to applying. For details, please refer to the instructions for each type of examination.
- The further examination schedule for October 2027 admission will be announced in the Application Guide for 2027-2028 academic year.

Mission and Goals

Mission

JAIST endeavors to foster leaders capable of contributing to the making of a future world by creation of science and technology through its most advanced education and research in an ideal academic environment.

Goals

- JAIST develops leaders in society or industry who hold credible expertise in the frontier science and technology, broad perspectives, high level of autonomy and communication ability, through its systematic advanced graduate education.
- JAIST, to contribute to societies with research outcomes, creates a center of excellence for advancement of researches for solving problems of our world and society and develops new fields through a variety of basic researches.
- JAIST fosters active global human resources by promoting faculty and student exchanges with leading institutes overseas and globalizing its education and research.

Admission Policy

JAIST looks for students who possess a strong will and a clear sense of purpose in pursuing research through social contribution in the fields of advanced science and technology based on Knowledge Science, Information Science and Materials Science, who are capable of expressing their own ideas logically, and who have an attitude to make efforts to produce mutual understanding through discussions. JAIST, as a university of postgraduate education without an undergraduate program, accepts applicants widely from graduate degree holders, international students and working professionals irrespective of undergraduate and graduate majors and background. Applicants are expected to have acquired specialized knowledge and ability in Knowledge Science, Information Science, Materials Science and other relevant fields and to possess a research achievement equivalent to the one for a master's degree.

In the light of the image of students stated above, JAIST screens applicants by evaluating their research achievements so far and their specialized knowledge, ability, and aspiration necessary for carrying out study and research at JAIST based on the submitted documents regarding their research outline before admission and their research proposal after the admission and an oral examination (including an oral presentation and Q&A).

In the evaluation, JAIST emphasizes the result of the oral examination and uses submitted documents as reference. As for the Admission on Recommendation, applicants are exempted from the oral examination and screened based on submitted documents including the research outline and the research proposal.

Diploma Policy

The Division of Advanced Science and Technology in the Graduate School of Advanced Science and Technology at JAIST sets its educational goal in cultivating innovative talents in advanced science and technology who can take active roles as leaders in society or industrial world with broad vision required in a sustainable society and communication ability in addition to specialization in advanced science and technology.

In the doctoral program, a doctoral degree in Knowledge Science, Information Science or Materials Science based on student's main academic fields will be conferred to those who have acquired the abilities listed below in addition to the abilities to be acquired during the Master's Program, produced excellent research achievements in the major field and have passed the Doctoral Dissertation Examination and the Final Examination after having obtained all the required credits.

Abilities to be acquired during the Doctoral Program

- Ability to extensively understand theories and systems of advanced science and technology in the major field
- Ability to design new and original research and produce world-class research achievements
- Ability to hold a comprehensive view and take leadership in the field of advanced science and technology

Main Academic Fields

Knowledge Science: An academic field that integrates knowledge of design methodology, business management, system science and others related to issues of human, organizations or society, proposes attractive solutions to the issues, and contemplate how to materialize the solutions

Information Science: An academic field that aims to solve problems for humanity and society, pioneer unexplored fields, and produce new innovative basic theories, basic technologies and applications about information processing and communication that supports the information society

Materials Science: An academic field that produces new and innovative materials by aiming at solving for humanity and society and pioneering unexplored fields based on physics, chemistry, biology and their relevant science and technology

Outlines and Keywords of Research Areas

Research Areas	Outlines	Keywords
AI Wisdom Research Area	Exploring and uncovering the essence of wisdom and intelligence, researching AI that evolves with humanity, and expanding the potential of wisdom.	Wisdom Science, Computational Theory of Wisdom, AI for Science, Human-Centered AI, Human-AI Interaction, Knowledge Structuring, Natural Language Processing, Materials Informatics, Soft Robotics, Physical Intelligence, Computer Graphics, Image Generation AI, Human Augmentation, Multimodal Interaction, Social Signal Processing
Social System Management Research Area	Wisdom changes organisations and drives society. Through research, go to the forefront of human wisdom. With theory and practice, let's design a new era.	Knowledge management, technology management, service management, advanced science and technology policy, human wisdom, system design, well-being, public intelligence, risk innovation, disaster management, urban planning, sustainability, circular economy, resource management, service design anthropology, medical policy, business ethnography
Social Data and Media Research Area	Adventures of Knowing! Pioneering the Future of Data Science, Media, and Culture. Exploration of the Mind and Body, Information Technologies, and Social Systems through Creative Imagination.	Knowledge Sciences, Data Science, Data/Informaiton/Knowledge/Wisdom, Interaction, Cybernetics, Artificial Intelligence, Multimedia, AR/MR/VR, Decision Science, Psychology, Economics, Cognitive Science, Educational Technology, Analytic Philosophy, Mathematical Sciences, Environmental Science, System Science, Network Science, Cultural Evolution, Persuasive Technology, Computer-Supported Cooperative Work, Creativity, Collective Intelligence, STEAM education
Computing Science Research Area	Advancing the science of computation, understanding its limit, and extracting truth from massive data.	Information Science, Cryptography and Information Security, Mathematical Logic, Artificial Intelligence, Automated Theorem Proving, Formal Methods, Theoretical Computer Science, Data Science, Distributed System, Algorithms, Information Theory
Next-generation Digital Infrastructure Research Area	Promoting research on next-generation information systems to enable future society and support human development.	Smart City, Cyber security, IoT, Internet, Information Systems, Embedded Systems, Software Engineering, Formal Methods, Next-generation Wireless and sensor Communications, VSLI Design, AI Platform
Human Information Science Research Area	Innovating mechanisms of human information processing and applying them to the advanced information processing systems.	Perceptual Information Processing, Intelligent Information Processing, Multimodality, Communication, Education/learning Technology, Game Informatics, Natural Language Processing, Audio/speech Signal Processing, Image/video Signal Processing, Human Interface, Intelligent Robotics
Medical Science Research Area	Creating the future, at the forefront of medical materials innovation.	Biomaterials, Drug delivery systems, Tissue engineering, Nanomedicine, Precision medicine, Cell therapy, Next-generation cancer treatment, Anti-aging
Materials Chemistry Frontiers Research Area	Explore frontiers of materials chemistry for sustainable and wealthy society.	Carbon neutral, human well-being, energy-related materials, environmentally friendly materials, green chemistry, functional nanomaterials, polymers, catalysts, materials informatics, advanced measurement and analysis
Nanomaterials and Devices Research Area	Realization of a well-being society by promoting the cutting-edge science and technology of nanomaterial devices.	Nanoparticles x Bio Energy, Nanowires x Spin Devices, 2D Materials x Advanced Microscopy, Energy Materials, Nanoimaging x Spectroscopy, Spintronics x Quantum Sensing, Semiconductor Electronics x Device Measurement Technology, Solar Cells x Longer Lifespan, Materials Science x DX
Bioscience, Biotechnology, and Biomedical Engineering Research Area	We will investigate cutting-edge technologies based on understanding of biological functions, and develop their applications in biomedical fields.	Biotechnology, Biomedical, Protein, DNA/RNA, Biomembrane, Sugar Chain, Biomolecular Analysis, Artificial Biomolecule Creation, Biodevice, Gene Editing, Molecular Robotics

Regular Examination

Examination for Overseas
Residents

Regular Examination

I. Number of Students to be Admitted

School	Division	Number of Students to be Admitted	
Graduate School of Advanced Science and Technology	Division of Advanced Science and Technology	April 2027 Admission	95 (See Note 1,2)
		October 2027 Admission	

Note 1: This number includes students to be admitted through the Special Selections.

Note 2: This number includes 5 students admitted to the Advanced Information Specialist Course (JAIST×Human Course).

※Advanced Information Specialist Course (JAIST×Human Course)

JAIST opened the Advanced Information Specialist Course (commonly known as the JAIST×Human Course) in October 2025, following its selection for the Ministry of Education, Culture, Sports, Science and Technology's fiscal 2024 project to support universities and technical colleges in enhancing their functions to secure highly specialized information technology human resources.

For more details, please check this webpage: (<https://www.jaist.ac.jp/project/jaist-human/en/>)

II. Eligibility Requirements

Applicants must check the “Eligibility Requirements” (page 13).

III. Application Periods

The application periods for each examination are described below. Please make “IV. Online Application Registration” within the application period.

Examination		Application Period
April 2027 admission	First examination	Monday, June 15 - Thursday, June 25, 2026
	Second examination	Tuesday, October 20 - Wednesday, November 4, 2026
	Third examination	Wednesday, December 2 - Tuesday, December 15, 2026
October 2027 admission	First examination	

Note 1: The examination schedule for the second examination of the October 2027 admission will be announced in the Application Guide, which will be uploaded to JAIST's website in the next academic year.

Note 2: Multiple applications (i.e. applying for the 1st, 2nd and 3rd examinations) are acceptable, but applicants must follow the same procedure for each examination they apply for.

IV. Online Application Registration

Applicants must refer to the faculty list (HOME > Graduate School/Areas > School of Knowledge Science, School of Information Science, or School of Materials Science > Faculty member list) and contact their desired supervisor in advance to obtain the consent of acceptance before making online application registration. As it may take several weeks to obtain this consent, applicants are advised to begin the process well in advance.

Please note that the consent of acceptance does not guarantee passing the examination.

Applicants must register their applications on the Internet to apply for the Regular Examination.

The online application registration can be proceeded on our website. Please see our website for the detailed information about the online application registration. (Admissions > Online Application)

[Online Application URL]

<https://www.jaist.ac.jp/english/admissions/internet-application/internet-application.html>

(1) Screening fee

Applicants need to pay the screening fee of 30,000 yen when making the online application registration. For the payment method, please see our website of the online application registration.

Type	Amount	Summary
Screening Fee	¥30,000	<ul style="list-style-type: none">● All transfer fees shall be paid by applicants in addition to the screening fee.● The paid screening fee is non-refundable in principle.● JAIST waives the screening fee for Japanese Government (MEXT) Scholarship Students.

Note: Japanese Government (MEXT) Scholarship Students do not need to pay the screening fee. Please email the Admissions Section (Email:nyushi@ml.jaist.ac.jp) by the day before the end of application period. In the case that you are the Japanese Government (MEXT) Scholarship Student who are currently enrolled in another Japanese University, please submit the Certificate of Japanese Government (MEXT) Scholarship Student that specifies the period of receiving the scholarship.

(2) Documents to be uploaded

Certificates and prescribed forms, etc. need to be uploaded when making the online application registration.

V. Application Documents

Please refer to the "Application Documents" (page 15).

VI. Delivery of Examination Admission Card

Upon the successful completion of the "IV. Online Application Registration", once the application deadline has passed, each applicant will receive an examination admission card and pertinent documents via postal mail. For those applicants residing outside of Japan at the time of application, these materials will be delivered via email. We will not respond to inquiries regarding whether your application has been accepted. If you do not receive them one week before the examination date, please contact the Admissions Section (Email:nyushi@ml.jaist.ac.jp).

VII. Examination Schedule and Selection Method

(1) Examination Periods and Venues

Examinations will be conducted at **JAIST in Nomi, Ishikawa**, on one day (specified date from JAIST) during the period shown below. Each applicant will be notified of the date, registration and examination time when they receive the examination admission card.

Examination		Examination Period
April 2027 admission	First examination	Monday, August 17 - Monday, August 24, 2026
	Second examination	Monday, December 7 - Friday, December 18, 2026
	Third examination	Monday, February 1 - Friday, February 12, 2027
October 2027 admission	First examination	

Note: Except for Saturdays, Sundays and Japanese national holidays, etc.

(2) Selection Method

Selection is conducted by an oral examination about the applicant's research outline and research proposal submitted at the time of application.

- Length of the examination

Presentation	Q&A	Total
20 minutes	30 minutes	50 minutes

- Please bring your laptop if you wish to use it during your presentation. A projector will be provided by JAIST. If you wish to distribute printed materials to the examiners, please prepare four copies (A4 size, free format).

(3) Admissions and Evaluation Criterion

All applications are evaluated on the result of the oral examination and all the application documents submitted, based on the holistic screening criteria.

VIII. Notification of Admission Decision and Related Matters

(1) Dates of Notification of Admission Decision

The examinee numbers of the successful applicants will be posted on our website and the notification of admission decision will be sent only to successful applicants by mail on the dates shown below.

We will not respond to inquiries regarding the result via email or telephone.

Admission procedures should be completed by the specified deadline, following the 'Admission Procedure Guide' that will be sent at the time of or after the announcement of the admission decision.

Examination		Date of Notification of Admission Decision	Period of Admission Procedures
April 2027 admission	First examination	Friday, September 4, 2026	Late February, 2027
	Second examination	Tuesday, January 26, 2027	
	Third examination	Friday, March 5, 2027	Middle of March, 2027
October 2027 admission	First examination		Middle of September, 2027

(2) Campus

Students who enrolled in JAIST based on this entrance examination are allowed to study only at the Ishikawa campus. Ishikawa campus students are, in principle, not allowed to study at the Tokyo Satellite or at the Kanazawa Ekimae Office except for open seminars.

IX. Other Important Information

Please be sure to read and understand the "Important Information" (page 21).

Examination for Overseas Residents

JAIST conducts the “Examination for Overseas Residents”, which allows applicants to take the examination without coming to Japan, with the aim of providing highly motivated students residing outside Japan at the time of application with greater opportunities to pursue graduate studies.

I. Number of Students to be Admitted

School	Division	Number of Students to be Admitted
		April 2027 Admission
Graduate School of Advanced Science and Technology	Division of Advanced Science and Technology	15 (See Note 1,2)

Note 1: The number of students in April 2027 admission includes the number of students scheduled to be admitted in October 2027 through this examination to JAIST Doctoral Program.

Note 2: The number of students includes the number of a few students for the Advanced Information Specialist Course (JAIST×Human Course).

※Advanced Information Specialist Course (JAIST×Human Course)

JAIST opened the Advanced Information Specialist Course (commonly known as the JAIST×Human Course) in October 2025, following its selection for the Ministry of Education, Culture, Sports, Science and Technology's fiscal 2024 project to support universities and technical colleges in enhancing their functions to secure highly specialized information technology human resources.

For more details, please check this webpage: (<https://www.jaist.ac.jp/project/jaist-human/en/>)

II. Eligibility Requirements

Applicants must check the “Eligibility Requirements” (page 13). Only applicants residing outside Japan at the time of application are eligible to apply.

III. Application Process

Follow Step 1 – 3 to complete your application.

1. Informal consent

Applicants must refer to the faculty list (HOME > Graduate School/Areas > School of Knowledge Science, School of Information Science, or School of Materials Science > Faculty member list) and contact their desired supervisor in advance to obtain the consent of acceptance before submitting the application. As it may take several weeks to obtain this consent, applicants are advised to begin the process well in advance.

Please note that the consent of acceptance does not guarantee passing the examination.

2. Pre-check

Please send PDF copies of all the application documents via email to the Admissions Section (Email:nyushi@ml.jaist.ac.jp) by the submission deadline below. We will check your documents whether there are any mistakes or not and reply to you. (Regarding the application documents, please refer to the “Application Documents” (page 15).)

Examination	Submission Deadline for Pre-check
April 2027 admission	Thursday, November 12, 2026

Note 1: Please write “(Your name) D_Overseas Residents_ pre-check” in the subject line.

Note 2: Do not attach any supporting items when sending your application documents for the Pre-check. Please email PDF copies of the required documents only*.

*Necessary documents are different depending on the method of screening fee payment.

- In the case that you do not have a credit card, you need to submit proof of screening fee payment. It is

- impossible to pay online without a credit card.
- In the case that you have a credit card, it is possible to pay online after completing the Pre-check. Please write "I will use a credit card for my screening fee payment." in the email when sending your application documents for the Pre-check.

Note 3: The Pre-check is not mandatory, however, we highly recommend it. If your application documents are insufficient, we will not be able to accept your application. You can lower the risk by taking the Pre-check earlier.

Note 4: We will not check the Pre-check documents after the Pre-check deadline. You can apply online and mail the required documents without going through the Pre-check. Please refer to "3. Application".

3. Application

(1) How to apply

① Online Application Registration

Applicants must register their applications on the Internet to apply for the Examination for Overseas Residents. The application procedure will be completed by "② Mailing Certificates" after you register the online application and pay the screening fee.

The online application registration can be proceeded on our website. Please see our website for the detailed information about online application registration. (Admissions > Online Application)

[Online Application URL]

<https://www.jaist.ac.jp/english/admissions/internet-application/internet-application.html>

Applicants need to pay the screening fee of 30,000 yen when making the online application registration. For the payment method, please see our website of the online application registration.

Type	Amount	Summary
Screening Fee	¥30,000	<ul style="list-style-type: none"> ● All transfer fees shall be paid by applicants in addition to the screening fee. ● The paid screening fee is non-refundable in principle. ● JAIST waives the screening fee for Japanese Government (MEXT) Scholarship Students.

Note: Since the screening fee can only be paid using a credit card for the online application from overseas, in the case that you do not have a credit card, please contact the Admissions Section (Email:nyushi@ml.jaist.ac.jp) by the day before the end of application period.

② Mailing Certificates

After registering the online application, please place the hard copies (the originals) of the required documents in an envelope and send it by registered mail such as DHL, FedEx, or EMS to the Admissions Section. (Please write applicant's name, address and rubricate "Application Documents Enclosed" on the envelope.) Please note that your application will not be completed until the parcel arrives at JAIST from the courier. Please keep the tracking number for your confirmation purpose and inform the Admissions Section (Email:nyushi@ml.jaist.ac.jp) of it. Applicants are responsible to send all the required documents to JAIST by the deadline.

Mailing Address: Admissions Section

Japan Advanced Institute of Science and Technology (JAIST)

1-1 Asahidai Nomi Ishikawa 923-1292 JAPAN

(2) Application Periods

Examination	Application Period (Valid with postmark within the period)
April 2027 admission	Wednesday, November 4 - Thursday, November 26, 2026

IV. Application Documents

Please refer to the "Application Documents" (page 15).

V. Selection Method

When the application documents are accepted, the interviewers will be assigned based on each applicant's field of specialization. Applicants will be contacted individually by the interviewers regarding the method, date and venue of the interview. Please wait for the interviewer to contact you.

The interview is conducted mainly through web communication tools for the purpose of discussing the details of your research proposal and your school life after enrollment. Applicants have a choice of speaking in English or Japanese.

All applications are evaluated on the result of the interview and all the application documents submitted, based on the holistic screening criteria.

VI. Notification of Admission Decision and Related Matters

(1) Dates of Notification of Admission Decision

All applicants will be notified of the results on the date below. The Notification of Admission Decision will be sent to each applicant. It will not be posted on our website. We will not respond to inquiries regarding the result via email or telephone.

Successful applicants will receive information on admission procedures at the time of Notification of the Admission Decision. Please complete the admission procedures by the specified deadlines.

Examination	Date of Notification of Admission Decision	Period of Admission Procedures
April 2027 admission	Tuesday, January 26, 2027	Late February, 2027

(2) Campus

Students who enrolled in JAIST based on this entrance examination are allowed to study only at the Ishikawa campus. Ishikawa campus students are, in principle, not allowed to study at the Tokyo Satellite or at the Kanazawa Ekimae Office except for open seminars.

VII. Other Important Information

Please be sure to read and understand the "Important Information" (page 21).

Eligibility Requirements

Eligibility Requirements

Applicants must satisfy one of the following requirements by the day prior to the day of desired enrollment. Eligible applicants are those who have:

1. been granted a master's degree or a professional degree (are stipulated in Article 5-2 of the Rules for Degrees (Ordinance of the Ministry of Education No. 9 of 1953) based on the Paragraph 3, Article 104 of the School Education Act. The same applies hereafter.) from a Japanese university.
2. been granted a degree equivalent to a master's degree or a professional degree in a foreign country.
3. been granted a degree equivalent to a master's degree or a professional degree by completing a correspondence curriculum of an overseas educational institution while residing in Japan.
4. been granted a degree equivalent to a master's degree or a professional degree at a foreign-affiliated university in Japan which has a graduate education curriculum under the school education system of its country, and specifically designated by the Minister of Education, Culture, Sports, Science and Technology.
5. completed the master's program at the United Nations University, and obtained a degree equivalent to a master's degree.
6. taken a curriculum at a university abroad, the United Nations University, or a curriculum specified in the above 4, passed an examination or screening which is stipulated in Paragraph 2, Article 16 of the Standards for Establishment of Graduate Schools (Ordinance of the Ministry of Education No. 28 of 1974), and have been recognized as having an academic ability equivalent to or greater than a holder of a master's degree.
7. been designated as eligible by the Minister of Education, Culture, Sports, Science, and Technology. Eligible applicants are those who have engaged in at least 2 years of research at a university or research institute after graduating from a Japanese university or completing a 16-year curriculum of school education in a foreign country, and who have been recognized by JAIST as having equivalent or greater academic ability than a holder of a master's degree.
8. been recognized by JAIST through the Judgment of Eligibility as having equivalent or greater academic ability than a holder of a master's degree or a professional degree and have reached 24 years of age.

Note: Applicants satisfying at least one of the eligibility requirements (1) - (6) are not required to pass through the Judgment of Eligibility.

[Judgment of Eligibility]

Applicants who wish to apply under the eligibility requirement (7) or (8) must be screened by JAIST for eligibility prior to applying. Applicants should download the instruction documents and forms for judgment of eligibility from our website and submit all the necessary documents before the following deadline. (Admissions > Application Guide > Judgment of Eligibility)

Examination			Application Deadline for Judgment of Eligibility (The application must arrive by)
April 2027 admission	Regular Examination	First examination	Friday, May 29, 2026
		Second examination	Thursday, August 27, 2026
		Third examination	Wednesday, October 28, 2026
	Examination for Overseas Residents		Friday, October 2, 2026
October 2027 admission	Regular Examination	First examination	Wednesday, October 28, 2026

For more information about the judgment of eligibility, please see the link below.

[Judgment of Eligibility URL]

<https://www.jaist.ac.jp/english/admissions/application-guide/Eligibility.html>

Each applicant will be notified of the result of the judgment of eligibility one week before the end of each application period. If you do not receive the result until the last week of the application period, please contact the Admissions Section (Email:nyushi@ml.jaist.ac.jp). Only applicants who have been admitted to obtain the eligibility can apply for the examination.

Application Documents

The list of application documents is as follows. Before applying, applicants must carefully review the details of the required documents for the type of examination they wish to apply for.

	Required Documents	Type of Examination	
		Regular	Overseas
Prescribed forms

Regular Regular Examination

Overseas Examination for Overseas Residents

Prescribed forms

Please download the prescribed forms from our website and enter the information. (Admissions > Prescribed Forms)

[Prescribed Forms URL]

<https://www.jaist.ac.jp/english/admissions/application-form/form-d.html>

(1) Application Form

Use the application form for Examination for Overseas Residents. Do not edit the photo.

(2) Self-Declaration Form of Applicability to a Specific Category

(3) Pledge

Applicants must review the contents and handwrite the date this pledge was completed and their name.

(4) Curriculum Vitae

Not only applicants who have studied at university, but also all the applicants who have received education in any type of school in countries other than Japan need to submit the curriculum vitae.

(5) Statement of Purpose

The statement of purpose should be less than or equal to one page in length, single-sided, A4-sized paper and written horizontally with the font size of 11 points or larger.

Do not attach any supplementary materials.

(6) Application Form for the Advanced Information Specialist Course (JAIST×Human Course)

Applicants who wish to enroll in this course must submit this form. This course is limited to those who wish to obtain a degree in Information Science. Applicants who indicate a degree other than Information Science on their application form are not eligible for this course.

No specific format

(1) Research Outline

Summarize the research you have undertaken in English or Japanese. Submissions should be less than or equal to four pages in length, single-sided, A4-sized paper. The number of words is not specified. If you have written academic papers, you may list them on the last page (Included in the number of the pages). Each page must have the applicant's name and the page number in the right upper corner.

(2) Research Proposal

Summarize the research proposal that describes what you wish to work on at JAIST in English or Japanese. Submissions should be less than or equal to two pages in length, single-sided, A4-sized paper. The number of words is not specified. Each page must have the applicant's name and the page number in the right upper corner.

Certificates, etc.

(1) Photograph

Prepare your color photograph data (jpeg, jpg, png, bmp) (max:2MB) which shows your full head and shoulders facing the front without a hat or any material covering your head and face, has no background and was taken in the past 3 months, and upload it according to the website of the online application registration.

*Do not edit the photo, as it will be used for identity verification on the day of the examination.

(2) Official transcript *Copies are NOT acceptable.

An official transcript must be issued by the president or a dean of the university from which the applicant obtained (or will obtain) his/her master's degree and bear the stamp or embossed seal and the signature of the authorizing official.

Applicants should submit one of the following:

- a) Transcript issued by university (original)
- b) Certified true copy of transcript by university (original)

c) Certified true copy of transcript by public institution (original)

The certificate must be prepared in English or Japanese. Documents in languages other than English or Japanese must be accompanied with an official translation in English or Japanese. Translations must be issued by the university or a public institution and bear the stamp or embossed seal of the university or the institution and the signature of the authorizing official. Translations from a Japanese language school or translation company are acceptable if they are stamped with the official seal of the translating body.

If applicants apply under the eligibility requirement (7) or (8), they do not need to submit it.

For Applicants who graduated (or are expected to graduate) from universities in China

Verification reports issued by CHSI (China Higher-education Information and Student Information) are required. Please refer to the section “Applicants Who Graduated or Are Expected to Graduate from Universities in China” (page 18) for more details.

<Notes >

Regular

Scan the original paper transcript using a multifunction printer or a similar device to upload a clear PDF, as a PDF created from a photo may be unclear.

***Successful applicants must submit the original paper transcript by mail within one month from the result notification date. Failure to submit the original paper transcript by the deadline will result in the cancellation of admission.**

(3) Proof of (expected) master's degree *Copies are NOT acceptable.

Proof of master's degree must be issued by the president or a dean of the university from which the applicant obtained (or will obtain) his/her master's degree and bear the stamp or embossed seal and the signature of the authorizing official.

Applicants should submit one of the following:

- a) Master's degree certificate issued by the university (original)
- b) Official letter issued by the university (original)
- c) Certified true copy of diploma by the university (original)
- d) Certified true copy of diploma by a public institution (original)

The certificate must be prepared in English or Japanese. Documents in languages other than English or Japanese must be accompanied with an official translation in English or Japanese. Translations must be issued by the university or a public institution and bear the stamp or embossed seal of the university or the institution and the signature of the authorizing official. Translations from a Japanese language school or translation company are acceptable if they are stamped with the official seal of the translating body.

If applicants apply under the eligibility requirement (7) or (8), they do not need to submit it.

For Applicants who graduated (or are expected to graduate) from universities in China

Verification reports issued by CHSI (China Higher-education Information and Student Information) are required. Please refer to the section “Applicants Who Graduated or Are Expected to Graduate from Universities in China” (page 18) for more details.

<Notes >

Regular

Scan the original paper proof of master's degree using a multifunction printer or a similar device to upload a clear PDF, as a PDF created from a photo may be unclear.

***Successful applicants must submit the original paper proof of master's degree by mail within one month from the result notification date. Failure to submit the original paper proof of master's degree by the deadline will result in the cancellation of admission.**

(4) Certificate of Language Proficiency *Copies are acceptable.

Required for: Applicants who graduated from universities outside Japan.

Applicants must submit one of the following certificates to verify proficiency in either English or Japanese.

English	<ul style="list-style-type: none">● TOEIC Listening & Reading Test● TOEFL iBT● IELTS Academic
Japanese	<ul style="list-style-type: none">● Japanese-Language Proficiency Test (JLPT)● Business Japanese Proficiency Test (BJT)● Examination for Japanese University Admission for International Students (EJU)

(5) Proof of screening fee payment *Copies are acceptable.

In the case that you can finish the payment with your credit card online, you do not need to submit it.

Send 30,000 yen to the following bank account by international bank transfer and submit proof of payment.

The remitter's name should be the applicant's name.

Bank Name	The Hokuriku Bank, Ltd.
Branch Name	Kanazawaminamichuo Branch
Branch Address	1-32-38, Teraji, Kanazawa, Ishikawa, Japan
Beneficiary	Japan Advanced Institute of Science and Technology
Type of Account	Ordinary savings account
Account Number	6037485
SWIFT(BIC) Code	RIKBJPJT

[Note] In the case that you use the international bank transfer, please make it as soon as possible, because we will confirm your online registration after confirming your payment in our bank account. Please make sure to arrange the corresponding bank fees to be **"charged to the remitter"**. If it is charged to the beneficiary by error, the corresponding bank will deduct the fees from the amount of remittance and your payment to JAIST will be insufficient. This will cause your application to be rejected.
JAIST waives the screening fee for Japanese Government (MEXT) Scholarship Students.

(6) Consent of acceptance

[The format is unspecified.]

Submit a copy of the email which indicates the informal consent of acceptance in the laboratory from your intended supervisor.

(7) Certificate of Japanese Government (MEXT) Scholarship Student *Copies are NOT acceptable.

Required for: MEXT Scholarship Students who are currently enrolled in another Japanese university

The certificate must be issued by the university which the applicant is currently attending and specify the period of receiving the scholarship.

(8) Certificate of foreign government sponsored student *Copies are acceptable.

Required for: Foreign government scholarship students

The certificate must prove that the applicant is a foreign government sponsored student.

(9) Abstract of the family register, etc.

Required for: Applicants whose name on the certificates are different to the present one due to marriage, etc.

The certificate must prove the applicant's former and present names.

[Important] The details of "*Copies are NOT acceptable."

Regular

Please upload the original certificates, do not upload copies. If your certificates are enveloped and sealed by the university from which you graduated, please open the envelope and upload your certificates. Even in such a case, you must resubmit the original certificates that are enveloped and sealed by the university from which you graduated, if you pass the examination and wish to enroll at JAIST.

If you are unable to upload the original certificates, please upload the Certified True Copies, which were certified by the university from which applicants graduated or a public institution such as an Embassy or a Consulate as true copies of the original certificates.

Overseas

Certificates must be original. Certificates bearing an electronic seal but not issued on anti-counterfeiting paper are not accepted unless the envelopes are sealed by the university from which the applicants graduated (or will graduate). If applicants cannot submit the original, please submit the Certified True Copy, which is proved by the university that applicants graduated from or a public institution such as an Embassy or a Consulate that it is the true copy of the original certificate.

Applicants Who Graduated or Are Expected to Graduate from Universities in China

Applicants who graduated or are expected to graduate from universities in China must submit proof of (expected) master's degree and an official transcript as instructed below.

(1) For applicants who graduated from universities in China

① Method

Applicants must access the CHSI website to request that the Verification Reports be sent directly from CHSI to the Admissions Section, JAIST by the application deadline.

[Email address:nyushi@ml.jaist.ac.jp]

Only Verification Reports sent directly from CHSI to JAIST are valid. The Verification Reports forwarded by the applicant or submitted in paper form will not be accepted.

② Required verification reports

Applicants must submit all of the following three reports.

- Verification Report of China Higher Education Student's Academic Transcript
- Verification Report of China Higher Education Qualification Certificate
- Verification Report of China Higher Education Degree Certificate

(NOTES)

- If JAIST does not receive the Verification Reports from CHSI by the application deadline, the application will not be accepted.
- As it may take a considerable amount of time for the verification report to be issued after the request is submitted, applicants are advised to apply well in advance.
- If the verification reports have already been submitted and there have been no changes, the reports will not be required to be resubmitted for entrance examinations conducted in the 2026 academic year.

(2) For applicants who are expected to graduate from universities in China

At the time of application, applicants must submit an official transcript and proof of expected master's degree as described on page 16-17.

After graduation and degree conferral, applicants must promptly follow the same procedure as in "(1) For applicants who graduated from universities in China" and request that the Verification Reports be sent directly from CHSI to the Admissions Section, JAIST.

(NOTES)

- The admission decision may be revoked if JAIST does not receive the verification reports by the time of enrollment.

Important Information

- I. Important Notice regarding Application and Examination
- II. Prior Consultation Regarding Special Accommodations
for Examinations and Study at JAIST
- III. Expenses Required for Enrollment
- IV. Long-term Study System
- V. Security Export Control
- VI. Handling of Personal Data

Important Information

Note: Please read this chapter thoroughly as well as the guide for each examination. If there are any corrections or additions to the guide, we will update them on our website or inform applicants in other ways.

I. Important Notice regarding Application and Examination

- Applicants are not allowed to apply for other examinations conducted by JAIST until they receive the result of an examination.
- Application documents which are incomplete will be rejected. Modification of submitted application documents is not permitted. Documents will not be returned to applicants.
- Only applicants should fill in the application documents except for certificates or letters of recommendation. If it is discovered that an applicant has made false statements or has neglected matters to be stated on application documents, the admission will be revoked even after enrollment.
- Applicants who have not graduated from their university and submit an expected graduation certificate at the time of application must submit their graduation certificate after graduation. If they do not submit the graduation certificate by the specified date, their admission will be revoked even after enrollment.
- In principle, the screening fee is non-refundable. However, the fee will be refundable in the following three cases. If it is the case for you, please contact the Admissions Section by the end of the month of enrollment.
 - In the case applicants have paid the screening fee without submitting the application documents.
 - In the case applicants have paid the screening fee, however, the application was rejected by JAIST.
 - In the case applicants have paid the fee twice by mistake.
- If JAIST determines that any of the acts listed below, or acts similar to them, have been committed, they will be regarded as misconduct, and the examination will be cancelled or the results will be invalidated. Furthermore, if such misconduct is discovered after the applicant has enrolled at JAIST, their admission will be revoked. JAIST takes such misconduct very seriously and may take legal action as a result. In such cases, submitted application documents and the screening fee paid will not be returned.
 1. Impersonation, including having another person take the examination on my behalf
 2. Cheating during the examination
 3. Collaborating with others in any manner during the examination
 4. Any act that may compromise the fairness of the examination, including failure to follow the JAIST's instructions
 5. Recording the examination content in any form, including audio or video recording
 6. Preparing application documents that contain false information or failing to provide information that must be entered
 7. Forging certificates, letters of recommendation, or other similar documents
 8. Any other acts deemed by JAIST to be similar to the acts listed above
- The photograph submitted at the time of application, as well as the photographs in the passport and on the residence card, will also be used for identity verification after enrollment.
- Applicants must carefully read the Application Guide and complete all procedures related to the university's admissions process at their own responsibility. We have received reports that certain agents or companies provide intermediary services and charge fees for assisting with application procedures, preparing application documents, visa applications, and scholarship arrangements, and that some falsely claim to guarantee admission while demanding excessive fees. Please note that such agents and companies have no affiliation whatsoever with JAIST. JAIST assumes no responsibility for any troubles or disadvantages incurred as a result of using such agents or services. Applicants are therefore strongly advised to exercise caution.
- Successful applicants cannot defer enrollment to a later semester or year. Applicants must do the same application procedure for each examination they apply for.
- Application guide for collaborative graduate education program with other universities are specified separately.

II. Prior Consultation Regarding Special Accommodations for Examinations and Study at JAIST

Applicants who have a disability or medical condition and who require special accommodations, or who need to bring assistive devices or medical equipment for the entrance examination and /or during their studies at JAIST, are advised to consult in advance and submit the following documents to the Admissions Section at least one month prior to the application deadline.

(1) Application Form (No prescribed format, please include the following information.)

- Full name, intended division, program, examination type, preferred examination session, and contact information)
- Type and details of the disability or medical condition
- Specific accommodations required for the entrance examination and/or during study at JAIST
- Accommodations previously provided at educational institutions attended
- Current circumstances in daily life
- Any other relevant information

(2) Supporting Documents

Applicants are requested to submit relevant supporting documentation, such as the following:

- A copy of a physical Disability Certificate
- A copy of Disability Certificate
- Any other relevant disability documentation

III. Expenses Required for Enrollment

Type	Amount	Summary
1. Entrance fee	¥282,000	The entrance fee is non-refundable.
2. Tuition	For a half year ¥267,900	The tuition payment will be made by automatic withdrawal from the student's own bank account. The automatic withdrawal date for the first semester tuition is May 20th, and for the second semester tuition, it is November 20th. The payment of the amount for a year all together is acceptable.
	For a year ¥535,800	
3. Insurance fee for three years: Gakkensai PAS Gakkensai LSR	¥3,620	JAIST students are required to purchase the both insurances.

Note 1: Instructions for completing payment will be sent to successful applicants along with documents for admission procedures.

Note 2: In case the amount of entrance fee and tuition are revised while the student is enrolling and attending JAIST, the new amount shall be applied.

Note 3: JAIST waives the entrance fee and tuition for Japanese Government (MEXT) Scholarship Students.

IV. Long-term Study System

The standard periods for completion are two years for a master's program and three years for a doctoral program. However, students may be granted extension of their study period as one of the student support services when they face difficulty in completing the program within the standard study period due to fair reasons related to their work or personal affairs.

Visit our website for details.

[JAIST Top Page](#) > [Education](#) > [Academic Procedures](#) > [Long-term Study System](#)

Please note that if your date of notification of admission decision is in September for October admission or in March for April admission, your application will not be accepted prior to enrollment. However, you will have an opportunity to apply after enrollment.

V. Security Export Control

Based on the "Foreign Exchange and Foreign Trade Act", JAIST has established regulations for security export control and conduct the security export control when accepting international students. Please note that this may require you to change your desired education or research.

VI. Handling of Personal Data

JAIST has established regulations for personal information management that control and protect personal data properly. Data collected through the application process and the admission procedures will be used for the following purposes and will not be used for any purpose not stated below.

- Entrance examination and admission procedures
- Registration and advising after enrollment
- Support for students such as in reduction of entrance fee and tuition or in application for scholarships
- Payments of entrance fee, tuition and housing fees
- Data analysis
- Support for alumni activities (including providing personal data to JAIST Alumni Association in support of their activities) *only for those who are enrolled
- Other administrative tasks

特定類型該当性の自己申告書 / Self-Declaration Form of Applicability to a Specific Category

外国為替及び外国貿易法（以下「外為法」という。）に基づき、規制対象となる貨物の輸出や技術の提供について経済産業大臣の許可を受ける義務が課せられていることから、本学では「国立大学法人北陸先端科学技術大学院大学安全保障輸出管理規則」を定め、安全保障輸出管理に取り組んでおります。

安全保障輸出管理では、非居住者（日本入国後6月未満の学生等）への技術等の提供に加え、居住者（日本入国後6月以上経過した学生等）であっても非居住者の非常に強い影響下にある場合、そのような居住者（特定類型該当者）に対する技術等の提供についても「みなし輸出」として管理の対象となります。

このことから、本学への出願を希望する方には外為法に基づく「みなし輸出」における管理対象であるかどうかの自己申告をお願いしております。ご自身の状況について、別紙のフローチャートを参照いただき、太枠内を記入の上、出願書類と併せてご提出ください。

Since any export of goods or transfer of technologies subject to the controls requires a license from the Minister of METI (the Ministry of Economy, Trade and Industry) based on the Foreign Exchange and Foreign Trade Act (hereafter referred to as "FEFTA"), JAIST has established regulations for Security Export Control and we are working on it.

Transferring technologies, etc. to a none-resident (a student who has been staying in Japan for 6 months or less, etc.) and to a resident (a student who has been staying in Japan for 6 months or more, etc.) who is under the significant influence of a non-resident, (a person who falls under the specific category), are subject to control as "deemed export control".

We ask all applicants for admission to self-declare whether or not they are subject to the "deemed export control" based on the FEFTA. Please refer to the attached flowchart, fill in the form and submit it along with your application documents.

(注1 / Note 1) 外国人留学生は氏名を英字で記入すること。 / International students must write their names in English.

NO

類型②に該当しない。
/You do NOT fall under Category 2.

YES

その利益を金銭換算した場合、年間所得のうち25%以上を占めているか？
/Does the profit account for 25% or more of your annual income when converted into money?

NO

YES or 不明
/Unclear

類型②に該当する。
/You MIGHT fall under Category 2.

北陸先端科学技術大学院大学長 殿
To President of JAIST

誓約書 Pledge

私は、北陸先端科学技術大学院大学入学者選抜試験の出願にあたり、以下の不正受験行為を行わないことを誓約します。

- (1) 他者によるなりすまし受験行為
- (2) カンニング行為
- (3) 他者との協力行為
- (4) 本学の指示に従わない等、試験の公平性を欠く恐れのある行為
- (5) 試験の録音・録画等、試験内容を記録に残す行為
- (6) 虚偽の出願書類を作成する行為又は当然記入すべき事項を記入しない行為
- (7) 証明書・推薦書等を偽造する行為
- (8) その他前各号に準ずると本学が判断した行為

万一、虚偽、不正が発覚した際は、受験資格、入学資格が取り消される場合があることを承知しました。

I hereby pledge that, in applying for the entrance examination of JAIST, I will not engage in any of the following acts of misconduct:

1. Impersonation, including having another person take the examination on my behalf
2. Cheating during the examination
3. Collaborating with others in any manner during the examination
4. Any act that may compromise the fairness of the examination, including failure to follow the JAIST's instructions
5. Recording the examination content in any form, including audio or video recording
6. Preparing application documents that contain false information or failing to provide information that must be entered
7. Forging certificates, letters of recommendation, or other similar documents
8. Any other acts deemed by JAIST to be similar to the acts listed above

I understand that if any false statements or misconduct are discovered, my eligibility for the examination or admission may be revoked.

Application Form for Advanced Information Specialist Course (JAIST×Human Course)

Important Notes regarding this course

1. This course is limited to those who wish to obtain a degree in Information Science. Applicants who indicate a degree other than Information Science on their application or entry form are not eligible for this course. Please note that we will not notify applicants if they are deemed ineligible. Application forms for this course will not be accepted after the application deadline.
2. The evaluations for the entrance examination and this course are conducted separately. Even if applicants pass the entrance examination, they may not be accepted into this course. In such a case, as long as applicants have completed the admission procedures, they may still be admitted. Details regarding the acceptance results for this course will be provided to eligible applicants along with the notification of admission decision.
3. Please refer to the JAIST webpage below to check which laboratories can accept students in this course. Please note that not all laboratories will be able to do so. Successful applicants of the following entrance examinations must obtain consent from their prospective laboratory supervisor through the Informal Laboratory Assignment Prior to Enrollment, after passing the entrance examination. Applicants who fail to obtain this consent will not be allowed to enroll in this course. Please note that JAIST will not follow up with applicants who have not obtained this consent.
 - The Regular Examination for the Master's program
 - The Special Examination on a Rolling Basis for the Master's program
 - The Admission by Recommendation Based on Agreement for the Master's program
4. JAIST will notify applicants of the results approximately one month before the enrollment month.

I have read and understood the above notes and hereby apply for the Advanced Information Specialist course.
