# Important notices for applicants to the Division of Transdisciplinary Sciences

The Division of Transdisciplinary Sciences is offered jointly with Kanazawa University. The applicants should be aware of the following:

- Students will enroll in the university to which their supervisor (the dedicated supervisor who primarily provides research instructions) belongs. They will receive instructions from the supervisor of the university to which they belong, and from other instructors, including the vice supervisor at the other university. Students belonging to Japan Advanced Institute of Science and Technology (hereafter JAIST) will have as the supervisor one of the instructors listed on p.4 “Supervisor”.
- Those who have completed the required curriculum at JAIST will be awarded a “Doctor of Philosophy”, “Doctor of Philosophy in Science” or “Doctor of Philosophy in Engineering” jointly by JAIST and Kanazawa University. As a requirement for the program, students must participate in a lab rotation project at Kanazawa University. Students enrolled in Doctoral Program must earn at least 10 credit units at Kanazawa University.
- For classes offered by Kanazawa University, students, in principle, must attend the Kanazawa University campus. However, we have adopted a mechanism to help reduce commuting by using a distance-learning media platform to deliver lectures and by holding intensive lectures.
- Students belonging to JAIST may use Kanazawa University facilities, such as a library. However, there may be certain restrictions placed on the use of some facilities.
- As for an application and examination, applicants must send an application to the University where the supervisor under whom they wish to study belongs. They will take an entrance examination of that university and enroll in that university. If they apply to JAIST, take an examination, and enroll, the tuition must be paid to JAIST. Other procedures, such as scholarship applications, must also go through the University, to which the students belong.
- The Division of Transdisciplinary Sciences is a single program operated by two constituent universities. For this reason, if applicants have completed the admission procedure of one of the universities, they cannot enroll in the other university even if they pass an entrance examination of the other university.
- Division of Transdisciplinary Sciences Scholarship (Benefit type, no repayment required)  
Division of Transdisciplinary Sciences Scholarship is for applicants who pass the Examination with a high achievement.

Benefit: 100,000 yen per month for 3 years

\*The result for this scholarship will be announced with the result of admission decision at the same time.

# Human Resource Development

## 特定類型該当性の自己申告書 / Self-Declaration Form of Applicability to a Specific Category

外国為替及び外国貿易法（以下「外為法」という。）に基づき、規制対象となる貨物の輸出や技術の提供について経済産業大臣の許可を受ける義務が課せられていることから、本学では「国立大学法人北陸先端科学技術大学院大学安全保障輸出管理規則」を定め、安全保障輸出管理に取り組んでおります。

安全保障輸出管理では、非居住者（日本入国後6月未満の学生等）への技術等の提供に加え、居住者（日本入国後6月以上経過した学生等）であっても非居住者の非常に強い影響下にある場合、そのような居住者（特定類型該当者）に対する技術等の提供についても「みなし輸出」として管理の対象となります。

このことから、本学への出願を希望する方には外為法に基づく「みなし輸出」における管理対象であるかどうかの自己申告をお願いしております。ご自身の状況について、別紙のフローチャートを参照いただき、太枠内を記入の上、出願書類と併せてご提出ください。

Since any export of goods or transfer of technologies subject to the controls requires a license from the Minister of METI (the Ministry of Economy, Trade and Industry) based on the Foreign Exchange and Foreign Trade Act (hereafter referred to as "FEFTA"), JAIST has established regulations for Security Export Control and we are working on it.

Transferring technologies, etc. to a none-resident (a student who has been staying in Japan for 6 months or less, etc.) and to a resident (a student who has been staying in Japan for 6 months or more, etc.) who is under the significant influence of a non-resident, (a person who falls under the specific category), are subject to control as "deemed export control".

We ask all applicants for admission to self-declare whether or not they are subject to the "deemed export control" based on the FEFTA. Please refer to the attached flowchart, fill in the form and submit it along with your application documents.
