

# Class Schedule of the Summer Intensive Courses in 2026

Last update : July 28, 2026

## Knowledge Science courses

**Course Title** K245 Knowledge Science and AI  
**Instructor** YUIZONO, Takaya  
**Dates** August 18, 19, 20, 21, 24, 2026  
**Room** K1-2 Room (School of Knowledge Science, 1F)  
**Method to give a lecture** Face-to-face  
**Number of Credits** 2 credits  
**Language** Japanese

|        |             | 8/18    | 8/19      | 8/20     | 8/21   | 8/24   |
|--------|-------------|---------|-----------|----------|--------|--------|
|        |             | Tuesday | Wednesday | Thursday | Friday | Monday |
| 1 Prd. | 9:00~10:40  | ○       | ○         | ○        | ○      | ○      |
| 2 Prd. | 10:50~12:30 | ○       | ○         | ○        | ○      |        |
| 3 Prd. | 13:30~15:10 | ○       | ○         | ○        | ○      |        |
| 4 Prd. | 15:20~17:00 | ○       |           | ○        |        |        |
| 5 Prd. | 17:10~18:50 |         |           |          |        |        |

### \*Important Note\*

Please bring your computer to connect the Internet.  
 We use Microsoft Teams, M365 Copilot.

**Course Title** K492 Entrepreneurship and Innovation  
**Instructor** NAKADA, Yasuko / SAKO, Takayuki  
**Dates** September 7-11, 2026  
**Room** JAIST Innovation Plaza 1F Seminar room  
**Method to give a lecture** Face-to-face  
**Number of Credits** 2 credits  
**Language** Japanese

|        |             | 9/7    | 9/8     | 9/9       | 9/10     | 9/11   |
|--------|-------------|--------|---------|-----------|----------|--------|
|        |             | Monday | Tuesday | Wednesday | Thursday | Friday |
| 1 Prd. | 9:00~10:40  |        |         |           |          | ○      |
| 2 Prd. | 10:50~12:30 | ○      | ○       | ○         | ○        | ○      |
| 3 Prd. | 13:30~15:10 | ○      | ○       | ○         | ○        |        |
| 4 Prd. | 15:20~17:00 | ○      | ○       | ○         | ○        |        |
| 5 Prd. | 17:10~18:50 |        |         |           |          |        |

### \*Important Note\*

This course is offered in Japanese, so a good level of Japanese is required to take part in group work and discussions. Please bring your computer to connect the Internet.

## Information Science courses

**Course Title** I465S Literacy in Information Security Management  
**Instructor** FUJISAKI, Eiichiro / BEURAN, Razvan Florin  
**Dates** August 5, 2026  
**Room** IS-Collaboration Room 7 (School of Information Science, Building III, 5F)  
**Method to give a lecture** Face-to-face  
**Number of Credits** 2 credits  
**Language** Japanese

|        |             | 8/5       |
|--------|-------------|-----------|
|        |             | Wednesday |
| 1 Prd. | 9:00~10:40  | ○         |
| 2 Prd. | 10:50~12:30 | ○         |
| 3 Prd. | 13:30~15:10 | ○         |
| 4 Prd. | 15:20~17:00 | ○         |
| 5 Prd. | 17:10~18:50 |           |

### \*Important Note\*

This course has an irregular timetable that spans term 1-2 and summer intensive course.  
 Course registration for this course is already closed in registration time for the term 1-2.

## Class Schedule of the Summer Intensive Courses in 2026

Last update : July 28, 2026

| <b>Course Title</b>             |             | I473 Hardware/Software Codesign                     |         |           |          |
|---------------------------------|-------------|-----------------------------------------------------|---------|-----------|----------|
| <b>Instructor</b>               |             | WAKABAYASHI, Kazutoshi                              |         |           |          |
| <b>Dates</b>                    |             | September 7-10, 2026                                |         |           |          |
| <b>Room</b>                     |             | IS Lecture Hall (School of Information Science, 2F) |         |           |          |
| <b>Method to give a lecture</b> |             | Face-to-face                                        |         |           |          |
| <b>Number of Credits</b>        |             | 2 credits                                           |         |           |          |
| <b>Language</b>                 |             | Japanese                                            |         |           |          |
|                                 |             | 9/7                                                 | 9/8     | 9/9       | 9/10     |
|                                 |             | Monday                                              | Tuesday | Wednesday | Thursday |
| 1 Prd.                          | 9:00~10:40  | ○                                                   | ○       | ○         | ○        |
| 2 Prd.                          | 10:50~12:30 | ○                                                   | ○       | ○         | ○        |
| 3 Prd.                          | 13:30~15:10 | ○                                                   | ○       | ○         | ○        |
| 4 Prd.                          | 15:20~17:00 | ○                                                   | ○       | ○         |          |
| 5 Prd.                          | 17:10~18:50 |                                                     |         |           |          |

### \*Important Note\*

Read the preparatory materials in the syllabus in advance.

| <b>Course Title</b>             |             | I666 Perceptual Experiment and Exercise II                                                                                          |         |           |

| 4 Prd. | 15:20~17:00 |        |         |           |          |        |
| 5 Prd. | 17:10~18:50 |        |         |           |          |        |

# Class Schedule of the Summer Intensive Courses in 2026

Last update : July 28, 2026

## Individual courses

|                                 |                                                                                            |
|---------------------------------|--------------------------------------------------------------------------------------------|
| <b>Course Title</b>             | L221 Ethical Issues in Science                                                             |
| <b>Instructor</b>               | HIGASHIJIMA, Jin                                                                           |
| <b>Dates</b>                    | August 6, 7, 10, 2026                                                                      |
| <b>Room</b>                     | I3-4 Room (School of Information Science, 2F)                                              |
| <b>Method to give a lecture</b> | August 6, 7: Face-to-face<br>August 10: Online                                             |
| <b>Number of Credits</b>        | 2 credits                                                                                  |
| <b>Language</b>                 | Japanese * This class will be offered in English as L221E in the Winter Intensive Courses. |

|        |             | 8/6      | 8/7    | 8/10   |
|--------|-------------|----------|--------|--------|
|        |             | Thursday | Friday | Monday |
| 1 Prd. | 9:00~10:40  | ○        | ○      | ○      |
| 2 Prd. | 10:50~12:30 | ○        | ○      | ○      |
| 3 Prd. | 13:30~15:10 | ○        | ○      | ○      |
| 4 Prd. | 15:20~17:00 | ○        | ○      | ○      |
| 5 Prd. | 17:10~18:50 | ○        | ○      |        |

### \*Important Note\*

Maximum number of students for this course is 30. In case the number of registrations exceed 30, the instructor will select students who can take the course.

Please be noted when you make course registration plan. In addition, be sure to bring your PC with Internet connection for each class.

|                                 |                                                     |
|---------------------------------|-----------------------------------------------------|
| <b>Course Title</b>             | L228 Generative AI                                  |
| <b>Instructor</b>               | IMAI, Shota                                         |
| <b>Dates</b>                    | September 14-16, 2026                               |
| <b>Room</b>                     | IS Lecture Hall (School of Information Science, 2F) |
| <b>Method to give a lecture</b> | Face-to-face                                        |
| <b>Number of Credits</b>        | 2 credits                                           |
| <b>Language</b>                 | Japanese                                            |

|        |             | 9/14   | 9/15    | 9/16      |
|--------|-------------|--------|---------|-----------|
|        |             | Monday | Tuesday | Wednesday |
| 1 Prd. | 9:00~10:40  | ○      | ○       | ○         |
| 2 Prd. | 10:50~12:30 | ○      | ○       | ○         |
| 3 Prd. | 13:30~15:10 | ○      | ○       | ○         |
| 4 Prd. | 15:20~17:00 | ○      | ○       | ○         |
| 5 Prd. | 17:10~18:50 | ○      | ○       |           |

### \*Important Note\*

External cloud GPU resources may be used, depending on the number of students enrolled.

## Transdisciplinary courses (Division of Transdisciplinary Science)

|                                 |                                                                                  |
|---------------------------------|----------------------------------------------------------------------------------|
| <b>Course Title</b>             | T001 Transdisciplinary Session I                                                 |
| <b>Instructor</b>               | Faculty of Division of Transdisciplinary Sciences(JAIST and Kanazawa University) |
| <b>Dates</b>                    | August 5-7, 2026                                                                 |
| <b>Room</b>                     | To be announced                                                                  |
| <b>Method to give a lecture</b> |                                                                                  |
| <b>Number of Credits</b>        | 2 credits                                                                        |
| <b>Language</b>                 | Japanese                                                                         |

\* The detailed schedule and impletation method will be announced separately.

### \*Important Note\*

T001 is a required course for first-year Master's students of Division of Transdisciplinary Sciences. (Students of Division of Advanced Science and Technology are not eligible for this course.) Students do not have to register this course.
