

June 19, 2020.

Dear Students, Faculty and Staff members,

President

Our measures against the novel coronavirus infection(updated as of June 19)

In the email dated May 22 and 29, we informed you the measures we would practice as of those times.

In Ishikawa prefecture have not have any person confirmed with COVID-19 for 13 days (as of June 18).

In response to above, JAIST has decided to lift or continue some measures as follows.

With your cooperation, JAIST have not had any infected persons so far, however, please keep in mind that we are still facing the risk of getting infection.

We ask for your cooperation in preventing infection by strictly keeping the habits of wearing a mask, washing hands, practicing the cough etiquette, and avoiding “three Cs” (Closed spaces, Crowded places and Close-contact settings) because there are still risks of infection. In addition, we ask you to keep managing your health condition and avoiding nonessential and non-urgent outings and meetings.

It will be concerned about a heatstroke with an increase in temperature. Please refer to following URL in order to prevent yourself from getting the heatstroke.

(Japanese)

○Movement across prefectural borders

- No special restriction on movement across the prefectural borders, however, check the current situation (infection status, outbreak of cluster and clarification of a route of infection) in a destination prefecture, and consider before you move. After you return to JAIST, take your temperature and manage your health condition.

○Online lecture

- On Ishikawa Campus: continue lectures in Term 1-2 online (Summer Intensive is also offered online basically.)
- at Tokyo Satellite: continue lecture in the 2nd Semester online
